PLEASE NOTE: THE COLOURS OF THE PRODUCTS SHOWN IN THIS CATALOGUE ARE AS ACCURATE AS THE PHOTOGRAPHS AND PRINTING PROCESS WILL ALLOW. SINCE ALL PERMACON PRODUCTS ARE MADE FROM NATURAL MATERIALS, SUCH AS SAND AND STONE THAT MAY CHANGE OVER TIME, COLOUR AND TEXTURE VARIATIONS ARE TO BE EXPECTED. WE STRONGLY RECOMMEND THAT YOU MAKE YOUR FINAL COLOUR SELECTION BASED ON A CURRENT PRODUCT SAMPLE RATHER THAN EXISTING PROJECTS OR THE PHOTOGRAPHS SHOWN HERE. IN ORDER TO SIMPLIFY THE SELECTION PROCESS, THE SAME COLOUR NAME MAY BE FOUND IN VARIOUS PRODUCTS. THIS IS MEANT TO COORDINATE PRODUCTS WITH SIMILAR COLOUR TONES, AND DOES NOT IMPLY PRECISE COLOUR MATCHING.

The past, present and future.

At Permacon, we are not just manufacturing stone; we build the living space of your dreams in perfect harmony with its surroundings. Throughout many eras and trends, we've forged an enviable reputation for ourselves, which is reflected in the renewed confidence we enjoy with our suppliers, professionals and consumers.

For 65 years, Permacon has designed, produced and offered the best in residential landscaping and masonry so that you can enjoy your property to the fullest. By combining craftsmanship, cutting edge methods and an efficient organization, Permacon brings together aesthetics and expertise. Our success in the industry is no stroke of luck—it's based on the four pillars that make up our unwavering brand promise.

Through the years

COMPETENCE

Experience can't be faked. Over the years, Permacon has accumulated a wealth of knowledge and developed unparalleled expertise. In our offices, factories, warehouses and quality control lab, our expert staff work to offer products that surpass the most demanding consumer expectations.

With Permacon, quality and dependability aren't merely promises, but concrete facts. That's why our products come with a full 50-year warranty and why Permacon is the first choice of architects and contractors who need a supplier able to provide the absolute best material.

COMMITMENT

The exceptional quality of Permacon products would mean little without the relationship we enjoy with our clients and partners. This bond of confidence is based on respect, responsiveness and availability. At each of our 13 production facilities, 300 showrooms and on worksites, we maintain an active presence throughout the process in order to ensure that the results are up to our high standards.

CUTTING EDGE

Permacon has long been a trendsetter that brings innovation to life. This forward thinking was embodied a few years ago when we established the industry's only R&D Centre in North America.

Permacon's experience is shown in our product lines that herald trends to come. Whether by redefining the industry or introducing best practices, Permacon always pushes the market forward.

AESTHETICS

Taste can be infinitely varied, but we feel beauty must inhabit everything we create. For Permacon, beauty is always a matter of harmony, refinement, elegance and clean lines.

Whether polished or rough-hewn, each of our stones is the result of meticulous, inspired and skilful craftsmanship carried out for the sole purpose of making your living space a work of art.

Outdoor living

Take full advantage of your home by making your outdoor space an environment dedicated to your comfort.

Today, outdoor living is all the rage, and the trend is to extend your indoor space outside. Carefully designed landscaping using high-quality materials makes upkeep easier and lets you enjoy summer in perfect tranquility, not to mention prolonging the season. Just as it is inside your home, well-thought-out landscaping lets you divide the space into liveable parts for specific purposes, such as eating, relaxing or having fun. Most importantly, the outdoors is the perfect place to share magical moments with the ones you love.

Moreover, proper landscaping contributes to your comfort and well-being by protecting your privacy, muffling unwanted noise, shielding you from certain elements like the sun and rain, and extending the time you can spend outdoors once the cold begins to set in. The goal of your landscaping is to allow you to enjoy the most time outside in the best possible space.

Peruse our catalogue and discover how our products, especially the Tandem system, can contribute to your quality of life outdoors.

MELVILLE 80 PAVERS – RANGE NEWPORT GREY /
LAFITT TANDEM WALL – RANGE NEWPORT GREY

The Tandem system serves your outdoor living desires

Permacon's revolutionary Tandem system assures you enjoy outside living to the fullest.

Permacon's Tandem system products enable the construction of durable elements for outdoor living, and the building of vertical structures used to define separate spaces, and camouflage unwanted views. Requiring no maintenance, they can be used to create excellent harmony by matching the slabs, pavers or exterior stone or brick cladding with your home.

These products are ideal for constructing a variety of exterior elements. Outdoor kitchens and furniture (tables, benches, etc.), gas fireplaces, privacy walls, fences, fountains and waterfalls, planters and deck or raised patios skirts are just some of the applications achievable with the Tandem system.

Unleash your creativity and enjoy the flexibility of the Tandem system to create the outdoor living space of your dreams!

fig. 1 – **OUTDOOR KITCHEN**

An outdoor kitchen that's user-friendly and efficient.

fig. 2 – **EATING AREA**

An eating area that's both durable and easy to clean.

fig. 3 – **GAS FIREPLACE**

A gas fireplace allows you to enjoy cooler late season evenings.

fig. 4 – **PLANTER BOX**

Eye-catching planters to add colour to your outdoor living space.

fig. 5 – **FURNITURE**

A unique modular system to perfectly complement your landscaping.

MELVILLE 60 SLABS - RANGE NEWPORT GREY

2016 New Arrivals

In line with its rich tradition of innovation, Permacon is proud to present again this year several new products, such as the Melville Plank pavers, Mega-Mondrian and Mega-Melville slabs, the Cassara series, the City collection and the Lexa Tandem wall. Explore them in our catalogue, and let yourself be inspired by new ideas to add to your living spaces.

Our Collections

In order to simplify, guide and optimize your decision-making process and your project's design, we've divided our rich product portfolio into collections that contain landscaping and masonry products with similar aesthetics. The unity of finishes will help you create harmonious spaces.

This method of organizing the products makes it easier to define the distinctive character of your landscaping's various elements. That being said, many collections pair beautifully and we invite you to explore all possibilities. See the catalogue as a building block for your project and a guide to inspire you.

||| MELVILLE
COLLECTION

The classic lines of this collection provide a refined and timeless landscaping.

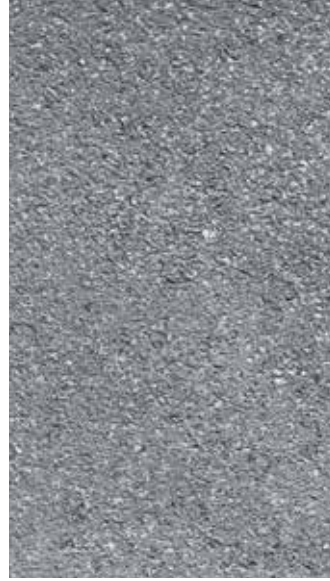

18

■ LAFITT
COLLECTION

The carved finish of this collection brings a natural and desired character to your landscaping.

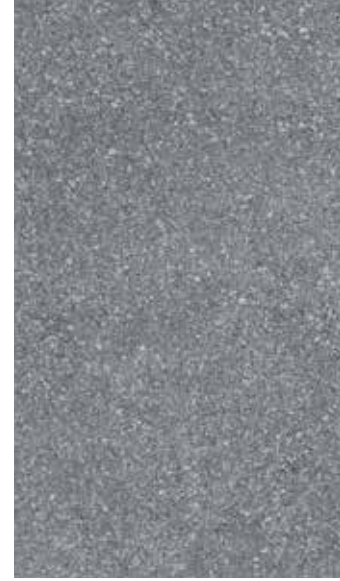

38

CASSARA WALLS - SHADED GREY /
CASSARA PLANK PAVERS - SHADED GREY AND ROCKLAND BLACK

Lafitt[®] Collection

The carved finish of the Lafitt collection brings a natural and desired character to your landscaping.

Inspired by traditional stones carved by artisans using just a chisel and a mallet, this collection will add elegance to your landscaping. Its chiselled surface features asymmetrical, slightly oblique stripes, bringing a three-dimensional quality to this collection's slabs, pavers, walls, bricks and stones, and gives them a raw, natural character, enhanced by subtle hues.

LAFITT TANDEM WALL - RANGE NEWPORT GREY /
GIGA SLABS - RANGE NEWPORT GREY

Mondrian® Plus 80 Pavers

A large-sized paver that mimics the richness of cut and chiselled stone for your trend-setting projects. Boasting a new finish that gives it vivid and vibrant colours, this clean-edged paver is reminiscent of the textures and finishes of elegant, top-quality materials.

Lafitt® Tandem® Wall 90 and 180

From retaining walls to outdoor kitchens, the Lafitt Tandem wall is ultra-versatile in its applications. Available in five rich and vibrant colours, this product will help unleash your imagination. Its variable height allows all kinds of installations – linear or modular – while a chiselled surface, identical to the popular Lafitt masonry stone, evokes a natural look. Give your landscaping an antique and highly desired style.

METROPOL WALLS - RANGE NEWPORT GREY

Lexa[®] Collection

The Lexa collection's modern, clean lines will give your landscaping design a contemporary and sophisticated look.

Naturally elegant, this monochrome collection is perfect for trendy urban designs. The hammered finish is reminiscent of the surfaces that stonemasons used to create by hand, naturally exposing the material's grain and enhancing its brightness. The slight texture also offers the advantage of being non-slippery. The slightly bevelled edges of this perfectly coordinated collection's slabs, pavers and stones subtly highlight a linear or modular layout.

LEXA SLABS - STERLING GREY / LEXA STONE - CAMEO BEIGE

Lexa® Pavers

Its granulated finish and monochrome colours give the Lexa paver a great urban look. This paver offers great installation versatility, as it can be installed in modular or linear patterns. It is the perfect match for the Lexa slabs, especially in driveways.

ESPLANADE TANDEM WALLS - RANGE MARGAUX BEIGE

Geox Collection

The Geox collection's slate-like texture is characterized by the quality of its very fine grain. Its imposing character evokes the accumulation of sediment deposited in layers within the stone.

This collection recalls the beauty and elegance of slate for a distinctive and natural finish. With a succession of thin, irregular, superimposed strata, its surface is akin to that which results naturally by splitting slate.

INFINITI SLABS – RANGE BEIGE AND RANGE BLACK /
LAFITT TANDEM WALL – RANGE MARGAUX BEIGE

Azur® Pavers

The surface of Azur pavers features a series of thin, irregular layers recalling the beauty and elegance of slate. These pavers, installed in a modular pattern, have slight bevelling and narrow joints for a minimalist look.

Heritage[®] Collection

Inspired by old European paving, the Heritage Collection will bring old-world character to your landscaping.

Recalling the patina of old stone walls typical of the Scottish Highlands, this collection adds character to your outdoor landscaping. Its edges appear softened by wear, while its dazzling, smooth or slightly bumpy surface looks like it has been shaped by the passing of time. All is enhanced with nuanced tones.

ACCESSORIES

Esplanade® Capping Modules

The Esplanade chiselled capping is the perfect accessory for finishing walls and steps. It looks uncannily like natural stone and offers a choice of monochromatic, contrasting or innovative approaches for beautiful landscaping results.

Designed specifically for capping pillars built with Permacon walls, Esplanade capping is available in four sizes. Because it is textured on five sides, it will provide the perfect finishing touch to your outdoor project.

PERMACON.CA

A warranty forged by time.

*Our commitment: to be your trusted partner
by offering durable high quality products.
Because your peace of mind is priceless.*

At Permacon, aesthetics and quality go hand in hand. Our manufacturing processes rely more on stone than sand, giving our products superior density and strength, while our unique pigmentation processes assure they retain their colour year after year.

Our products come with a full 50-year warranty¹ that conforms with the Consumer Protection Law, and is transferrable when you sell your home. Because your peace of mind is priceless.
